P'Pat Departure

1. Why do you become to be TAs in Brewster Academy.

One of the main reasons why I decided to be a TA is I was at your position before. Life during the first year in the U.S. was tough, and I wouldn't be able to survive without the preparation and support from Brewster Summer Program. I would say this is the most challenging time for studying abroad because of several reasons: language barrier, homesick, and cultural adjustment. I really want to assist and support each of you guys to pass through this hard time.

Actually, my decision to be a TA was uncertain before I worked at the Christmas Program. However, in a short period, getting to know and work with all the TS 61 made me realized how much I enjoy and how nice it would be if I have a chance to meet TS 62 before December. So, I decided to apply to be a TA at Brewster, and everything confirmed that it is one of the best decisions that I've ever made.

2. What do you want to tell all TS62?

Great job!!! You have accomplished and grown so much from the beginning of the program. Thank you so much for having me as one part of your summer memories, and I'm pleased to meet you all and get to know each of you. I had so much fun spending time with you guys in class, in a dorm, or in recreation. I will miss everyone and everything that we did together a lot.

In a few weeks, all of you have to go to prep schools all over the United States. Before you leave Brewster, I hope you make the most out of your time here. Hanging out with your friends, going to downtown, and enjoy your life before prep school start. This is a safe and secure environment for all of us know that it is going to be difficult at your prep school, but I just want you to have confidence and courage. Don't be afraid of your new journey, you can do anything that you want. Believe in yourself, and I also believe in you! If you ever feel depressed or sad, look around you, your TS family will stay beside and support whenever you're down. Keep working hard and enjoy another extension of your senior year.

Love you bunches and see you all soon!

3. What do you want to tell your fellow TAs?

I was terrified and nervous when I knew that all of American TAs this year are all new. I worried about whether we will be able to be friends and get along well with each other or not, but it turned out way better than I thought. Just want to say thank you to everyone for these wonderful weeks. I had a lot of fun working and hanging out with all of you! It was really nice for me to meet all the people that I knew again and spend time with them like we were two years ago. I also got a chance to meet a lot of new people, and I am so glad to get to know and work with everyone. All of you fulfilled my summer story and made it one of the best summers that I've ever had. I love you so much, and I'll miss you a lot.

Hope to see you all again soon and please keep in touch!

P'Jinny Departure

1. Why do you become to be TAs in Brewster Academy.

Actually, I answered this question on Honolulu Newsletter last week. If you have not read it and want to know why, please go back and check the week 4 newsletter. :P

2. What do you want to tell all TS62?

Five weeks that I spent with you guys was as I expected. Even though I did not get to meet all of the TS62, students that I met (I mean y'all 555) are wonderful. I remember the first time that you arrived with the exhaust, then some students asked questions with the excitement. That made my day, and I could not wait to have a blast with all of you. Each week was precious, and I was thankful for your effort. Although I will not be here with you at Brewster, you can always talk to me. All your TAs are always happy to help! I know you are tired, but keep in mind that I love you guys (especially Brown girls and Honolulu group :P) and I am so proud of you. Keep up your good works!!

P.S. I left \$3,000 in the box, and buried it somewhere on campus. Have fun finding it.

3. What do you want to tell your fellow TAs?

I really enjoyed the time we spent together.

I love you guys, and hope we have a chance to see each other again

Btw guys, please tell the students that I lied about the money box..

Echidnas TS Talk

In July 14, 2019. Echidnas did a great job on TStalk. Their theme were experiences and hope. They dressed up nicely and gave such a inspired and fun talk to us. They told surprising fact that anyone did not know. That makes all of Thai scholars know each other more.
